POWERING OPPORTUNITY TOGETHER

Powering more than vehicles, Toyota's 33rd Opportunity Exchange (OE) is committed to creating value through supplier diversity and generating new business for Certified Diverse Suppliers. By connecting our Supplier Partners with Certified Diverse Suppliers, together, they have the possibility to develop innovative new projects and revenue streams. This is a great opportunity for suppliers to network, explore and develop Tier 2 potential.

OE provides access to motivational seminars, inspiring speakers, networking opportunities, and a dynamic tradeshow. With over 100 of Toyota's suppliers in attendance, this is the perfect chance to expand your business opportunities.

Don't miss out on this unparalleled event if you're serious about growing your business.

KEYNOTE SPEAKER
Robyn Benincasa

*20+ year veteran San Diego firefighter,
a World Champion Adventure Racer,
